Teach Me Goodness, Discipline and Knowledge

## A TRIBUTE TO THE BASILIAN FATHERS "TEACH ME"

Stand tall... Be proud... Honour the tradition...and build on it... Remember and treasure. This is only part of the message proclaimed by the 27' stainless steel sculpture that now stands facing Huron Church Road at Assumption. In July of 2005, the sculpture was commissioned by the Windsor-Essex Catholic School Board to recognize the contribution of the Basilians to education in Windsor and Essex County. The work was designed and created by artist and Assumption teacher Elaine Carr.

After researching the history of Assumption and the Basilians, Elaine recognized that all of their schools shared the same commitment to 'Goodness, Discipline and Knowledge'. She also realized that the symbols on the school crest varied in accordance with the unique history of each school. The creative process lasted many months and went through several stages. Several design concepts were developed, models were created and research was done into fabrication possibilities. By early 2007, Elaine had settled on the final design and presented her vision to the Trustees for approval. They were enthusiastic in their response and asked her to proceed.

The 23' sculpture is made of stainless steel to give it a sense of strength and permanence. It stands on a 4' concrete base which has a foundation reaching deep into the ground. Like the presence of the Basilians, it will last for generations and have a lasting impact. The three sides remind us of the community that is God and the Basilian community. The inner light is intended to

allow the message to be visible day and night. It also allows the message on each side to interact with each other and invite the viewer to a deeper reflection and participation with the work.

TEACH ME has been cut out on one side of the sculpture. It is strong and bold and announces what the Basilians came to do at Assumption. It proclaims what every student at Assumption expects and what every teacher longs to do. Just seeing it fills the viewer with pride. What happens at Assumption every day is important and life-changing.

Facing the school are the words 'Goodness, Discipline, Knowledge' repeated in varying size and order down the sculpture. The repetition emphasizes the Basilian vision and tradition. By engaging with these words, the viewer enters more

deeply into the spirit of Assumption and the power for transformation it offers. Just as achieving these virtues is a life's work, so the words need to be engaged in many moments and circumstances.

The third side recognizes the unique history of the school. At the top a large turtle has been cut out of the steel. It honours Chief Turtle whose gift of land made the school possible. Below are

several teepees of varying size, honouring the land as a former settlement of the Turtle Clan. Next is a fleur-de-lis in recognition of the French roots of the Basilians and their dedication to Mary, the Mother of God. Finally, there is a book reminding the viewer of both the knowledge shared and sought and the sacred scriptures.

Elaine's design called for the letters and symbols to be cut out of the steel so that shadows would be cast on the interior allowing the message to be a unified one. The words and symbols interact in ever-changing ways and challenge the viewer to continue to discover new meaning. It makes the sculpture dynamic and engaging, just as the work of the school is intended to engage and challenge. This also reflects the creative process that brought the sculpture to reality. The artist interacted with the tradition and current reality, reflected upon the message as it has been and as it can move forward, and built a community dedicated to bringing the sculpture into the world. From the staff at Klassen Manufacturing who fabricated

the steel, to the Board staff who made certain the base was perfect, to the crane operator who raised it high in the air and set it in place, to the staff and students who cheered when the model was revealed, a community of respect has developed through this process.

TEACH ME stands as a constant reminder that the work of the Basilians continues and will pass the test of time. It stands as a promise that those who continue their work will remain faithful to their vision. It stands as a challenge to all who are part of the Assumption community to allow themselves to be taught what it means to be men and women filled with Goodness, Discipline and Knowledge.

**ST. MARY'S ACADEMY:**  
 I lived at SMA 5-6 years and taught there only 4 months in 1962 unlike the other Sisters who moved on to Assumption.

**ASSUMPTION COLLEGE SCHOOL:**  
 I taught at Assumption (1973-1980) (French, History)  
 My first two years I was named Swim Coach (Fr. Bob Chauvin's helper)  
 I lost my voice within the first two months at Assumption - yet Fr. Pat Lalonde and Fr. Vince Pare encouraged me to join the staff at the Friday night football game at Kennedy ... What fun!  
 In History class, time and again, our Assumption students proposed and debated political changes, much better than our members of Parliament.

Watching and observing students in leadership on the Student Council and today meeting them as lawyers, teachers, MP's/ politicians - WOW!!

Who could forget our ski trips to Petoskey ... with Fr. Hart, (our gourmet cook) and Fr. Labute and Fr. Janisse giving us lessons in cross-country skiing. Those were the days my friend, We'd thought they'd never end!!!!

Between 1980 to 1983 I trained volunteers for Prison Ministry at the county jail - where some tutored, others accompanied them to the court room; others provided Sunday Paraliturgies in the cells; yet others generously helped out on "JUG UP" nights around Christmas and Easter.

Between 1983 -1988, I went to Kingston Penitentiary and then Joyceville Institution as R.C. Chaplain. The men from Windsor would say: "Sister, you followed us up to the Big House!" On a few occasions I came across former Assumption students.

Left Assumption and regular High School teaching with the birth of my son. I retired from teaching to various hobbies and enterprises, one of which was becoming certified in the Feldenkrais Method as a practitioner / teacher.

**ST. MARY'S ACADEMY**

Besides teaching, some of my most memorable moments at St. Mary's turn out to be those spent working with the Glee Club for several years, preparing Christmas concerts, singing for ceremonies, such as Graduation and Passing of the Torch. With the great support of Sister William Michael, (Mary Clare Kelly/Koopman) I was able to direct a group of very interesting and talented young girls, eager to sing and eager to learn! Being part of the final closing

ceremonies of St. Mary's was indeed special. To this day, I have maintained my personal interest in choir participation and private singing lessons. Another memorable situation was being the moderator of the Young Christian Students groups and movement in and around the Windsor High Schools. I formed bonds working with the young women of those groups that endure to this day, notably Pat Taman, Judy Langdon, Marianne Clancy, and Jan Dottor. And I still hear from some students, like Kathy Roth, on a regular basis. And when I visit Windsor and meet any SMA students, I am always pleased to be recognised and remembered as a vital part of their education. I so thoroughly enjoyed my years at St. Mary's that they stand out as a special segment of my early teaching career and set me on a path/vocation of teaching ministry that I still participate in today.

**ASSUMPTION COLLEGE SCHOOL**

Indeed, our transfer to Assumption High School in 1971 was memorable and challenging too! Not only because of the mix of genders in the classrooms but also the open concept area which I found myself teaching in the Geography and History Departments. The staff members in these departments were welcoming and very helpful to our early adjustment. And there were Christmas parties and year end parties and golf days and attending football and basketball games cheering on the athletes of both genders! Happily I again was able to help in Choral work with the music department and the preparation of plays on stage.

Very recently while visiting Windsor, I was approached by a young gentleman at a restaurant. He was with his son, and greeted me saying I had been one of his History teachers. These are the most wonderful moments for me: to be recognised and remembered after all these years.

I look back on all my teaching days in Windsor with good memories and a grateful heart for the part I was privileged to play in the education of Windsor youth!

 they stayed together most of the day

**ASSUMPTION COLLEGE SCHOOL**

First year, so many adjustments as females  
 'invade' male domain; at times felt like

 Learning to teach in the 'Math area' with  
 three classes in same large room  
 Having to coach a team (volleyball) when I have  
 never played the sport nor ever being on an  
 organised sports team  
 Attending an assembly in large gym a totally  
 different experience from that at St. Mary's in a

Most Memorable :  
 Receptions the nuns had for girls  
 and dates prior to their prom  
 "All girls" was wonderful - easy to become  
 close to them, particularly homeroom  
 Felt sisters were taken advantage of by city and  
 business interests. The building could have been  
 a museum (city) with meeting rooms, chapel,  
 cafeteria, auditorium. THAT demolition was a  
 MORTAL SIN, which would not have been  
 allowed today, given Windsor's very active  
 heritage committee.

**ASSUMPTION COLLEGE SCHOOL:**

I did not anticipate the move with optimism!  
 However, the Basilians and lay staff were  
 courteous and receptive. There were occasions  
 when their doubt and apprehension was obvious.  
 I must admit to taking advantage of the  
 chauvinism by pulling some 'not very receptive'  
 jokes. (The women enjoyed the laughs.)  
 Over the years we melded into a very effective  
 staff - a staff to be envied in the Separate School  
 system.

# BILLIONAIRE CAN'T RESIST SPORTS FAN'S FANTASY

Assumption high school grad '78, businessman part owner of Nashville Predators

Excerpt from Dave Waddell, CanWest News Service  
Published: Wednesday, January 09, 2008

"I never grew up dreaming of owning an NHL team, but knowing there's the possibility my name could one day be on the Stanley Cup is pretty exciting," Bergeron said. "It's a pretty exclusive club. Teams don't become available very often."

Growing up in South Windsor and playing the game like most Canadian boys, Bergeron said he quickly grasped he was more a "science and math" guy than an NHL prospect.

"Some of my fondest memories from back home are going out to LaSalle to visit my dad's family between Christmas and New Year's and us all skating and playing hockey on River Canard," Bergeron said. "Back then, before global warming spoiled things, everybody had backyard rinks and we'd play all the time."

Bergeron, who spearheaded the purchase of VeriFone from Hewlett Packard for US\$50-million in 2001 and then helped turn it into a multi-billion dollar operation, is also a member of the Listed Company Advisory Committee of the New York Stock Exchange.

## DRAWING POWER

Artist with Assumption connection creates Tiger promos

Excerpt from Trevor Wilhelm Windsor Star Thursday, December 13, 2007

Joe Morse, '78 is a much better artist than a golfer, which is a good thing for Tiger Woods.

The Windsor-born artist was tapped to do an illustration of the golf star for the Tiger Woods Foundation, which hosted the Target World Challenge in California.

Luckily, the only strokes Morse had to do were with a brush.

"When I go out on the golf course I lose some balls, for sure," said Morse, 47, who grew up in Windsor, went to Assumption high school and is now based in Toronto.

His character portrait is rich, sharp and graphic, meant to convey the "energy and emotion" of Woods in action. It depicts the man.

This wasn't the first high-profile job for Morse, who has studied in Italy, Mexico and Japan, and won dozens of international awards.

He drew the Red Hot Chili Peppers for Rolling Stone, Prince for the Village Voice, Eminem for Universal Pictures and Mark McGwire and Ken Griffey Jr. for Nike and Major League Baseball.

Other clients include Coke, Land Rover, American Express, The New Yorker, GQ, New York Times, Sunday Telegraph, Washington Post, Entertainment Weekly and ESPN.

Morse has also done a number of illustrated books.

Morse said he got involved with the Tiger Woods project after an agency searching out talent contacted him. He submitted about 100 sketches. Tournament organizers liked what they saw.

His first big break came in 1995, when Rolling Stone asked him to do portraits of Morrissey and Bruce Springsteen.

## LEAF TURNER: TERRY FOX INSPIRES

EXCERPT FROM WINDSOR STAR BY SCOTT WEBSTER,  
PUBLISHED: WEDNESDAY, OCTOBER 31, 2007

The Terry Fox story inspired retired Assumption teacher Hank Harwood to take up the challenge of running marathons.

Until I reached my 60s, I never ever considered myself to be a runner. I coached running, both cross-country and long distances during track season in the spring, and periodically my student athletes would goad me into running a few laps with them, but I was never "a runner" compared to my eager and robust charges.

Inspiration from Terry Fox prompted leaf turner Hank Harwood to take up marathon running in 2000.

The year 2000 marked a turning of the page to a whole new millennium and era. At 56, I was close to retirement. I was a teacher who had spent 20 years teaching the Terry Fox story and promoting the run to fund a cure for cancer each September. I felt a strong urge to do something to mark the new millennium. I thought, "I'm going to run a marathon in honour of the 20th anniversary of Terry's run, and as a fundraiser for the Terry Fox Foundation."

Besides, I was curious. I wanted to know what Terry really had to go through - to run a marathon each day for 143 days in a row during his Marathon of Hope across Canada.

Today at 63, through six marathons and the generosity of constant supporters, we have raised \$13,500 as our contribution to Canada becoming foremost among research centers to find cures for cancer.

## Detective Wins Praise

Shelly Atkinson '87 presents the Senior Const. John Atkinson Award to Detective Pat Keane Jr. '80, at the 10th annual 911 Community Service Awards. "Its a great honour, especially with John's name attached to it " said Keane, a 23 year veteran of the force.

## Sidoroff-Canty, '92, Joins Sports Hall of Fame

Another Raider has joined the Windsor / Essex County Sports Hall of Fame. On October 13, 2007, Margaret Sidoroff-Canty joined sixteen other Raiders in being honoured for her athletic accomplishments. Margaret, who was an outstanding soccer player for Assumption and at the University of Windsor, began boxing after her varsity career ended. This career earned her Ontario and Canadian National Championships as an amateur. In 1999 as a professional boxer, Margaret earned the World Boxing Federation Bantam-Weight Championship title along with the World International Boxing Federation, Intercontinental Junior Bantam world crown. In the year 2000, two more titles were achieved - Flyweight World Champion for the International Female Boxing Association and the World Boxing Association. Although Margaret Sidoroff-Canty has retired from boxing as a participant, she remains in the sport as a coach. Margaret is married to her former coach Josh Canty and resides in Windsor.

**Michael Quinn, '46** writes: I would be pleased to receive the newsletter electronically. I enjoy reading the "Chatter" from former classmates (1942 - 1946) and from Boarder students (1947-1950) when I served Assumption as a Basilian Scholastic (Rec. Master for two of those years). Pax et bonum.

Bob Mailloux and John Upham, '59

**Jack Burns, '57** writes: I was a boarder. Played football under Fr. Armstrong and Fr. Sheedy. Took classes with Jim Magadini, Detroit, Dave Kukta, Cleveland, André McCarrol, Windsor, Vic Marcus, Windsor, Pat Bueker, Detroit. My cousin Charles (Chuck) Burns, Dresden, was senior vice-president in 1956. There were about four of us from Sarnia over the three years Howie Thompson, Herman (Redeye) Cassin, I can't recall the other guy right now. Mr. Oram, History, used to have a paddle that resembled a cricket bat that he called x-caliber. Fr. Cahill was said to be a WWII Air Force pilot. One night two of us were caught fooling around in dorm and were sent to Fr. Cullen. He gave me the strap and said, "If you don't give this guy the strap as hard as I think I can give it, I'll give it to both of you after you're done with each other". We all loved him anyway. I met up with a few fellows when I played football with Sarnia Jr. Knights and the Sarnia Imperials, Frank Marentette, Vic Marcus and I think Tom Mailloux. That's about it. I'm retired for 12 years now. Just got to thinking with everything that's happened since I left I wonder who's still around.

**Dick Kabel '51:** I enjoyed reading the newsletter and learn about what is happening. I have been retired about twenty years now and still trying to accomplish one of my

goals, which I have been working very diligently at, that is, "To become sick and tired of playing Golf". We do a considerable amount of travelling and enjoy our 14 grandchildren and two great grandchildren. Best regards.

**Terry Knuckle, '53** writes: I enjoy receiving the alumni newsletter and keeping updated on news of the school. I wouldn't mind hearing from some of my contemporaries. Keep up the good and entertaining work.

**Joseph Cundari, '52** says he really likes the new layout of the newsletter. "Keep up the good work". Editor's Note: Thank you for your donation, Joseph.

**Dale Scott, '57** enjoyed meeting old friends.

**Richard James Kellerman, '57** writes: "I was the smallest guy in class and still am. I would pick on the biggest and meanest guys and make them my friend. Nobody would bother this 95 pound guy!!"

Peter & Monique (Brisson) Aversa, '82

**Frank Jackunas, '57** said it was great to be back after a 50 year absence.

**Kevin McKenzie, '75** writes: I am currently a partner with Ernest & Young and home is normally Oakville. I'm currently halfway through a three year assignment in our global headquarters in London, UK. Best wishes to all...

**Terry Bachynski, '75** writes on the eve of the 50 year birthday celebration for members of the 1975 class: "It would be fun to be able to share the half century mark with others who suffered through the awkward adolescent years together, but, Lilly Kazilly's is a little far away for me to make it tomorrow night. Not to worry, we have had plenty to celebrate this year. Our oldest son, Jared, graduated from the business school at U of Alberta in the spring. Our twin daughters, Lana and Emily graduated high school (Victoria School for Visual and Performing Arts). I turned 50. My in-laws - Dennis and Mary Anne Drew of St. Clair Beach (Dennis is retired some time now from U of Windsor administration where he headed purchasing department) celebrated their 50th anniversary four days before Laura and I celebrated our 25th in July. All of this was celebrated with a cruise to Alaska in July and a three week trip through the UK in September. 50 doesn't seem so bad...It's just a good place to start!

Enjoy the party on Nov. 2nd. Say hi to all my friends. If anyone is ever in the Edmonton area, I would hope that they would give us a call and stop by for a visit. God Bless." T

**Dave Wright, '71** : I was in Detroit several years ago and brought my wife along, who is from St. Paul and had never seen the city. We went over to see Fr. Cullen one day and had a charming visit. At one point, my wife noticed a stack of plaques Fr. Cullen had received over the years for coaching. She remarked how impressed she was with that stack. "Want one?" he asked with a smile. We still snicker over that one. At any rate, I appreciate keeping folks like me up to date.

**Mary Bastounas, '03** writes: Hello Mrs. Dumouchelle, What a lovely surprise to hear from you! I'm glad you are still teaching at Assumption, I can't imagine you being anywhere else. I just checked out the website, it looks great! Things have really changed for me since I graduated from Assumption. The summer after high school I traveled to Greece to visit my grandparents. While I was there, I met a nice man who I eventually married. I returned home to finish university (I studied economics), traveling back to Greece during summer holidays each year. When I graduated from the U of W, I decided to permanently move to Greece. I got married in September '06 and in August '07, I gave birth to a baby boy. I must say, I couldn't be happier! We live in a small village on the beautiful island of Rhodes. When I moved here, I opened a private English language school. Most elementary and high school students in Greece attend such schools in the evening after regular school. This is my second year teaching. I have 47 students grouped into 6 classes from 7 years old to 16 years old. I really love teaching...most of the time, it's so enjoyable that it doesn't even seem like work! I would love to teach math, but my Greek is not quite good enough for that yet. Perhaps, in the future I will be able to! No matter what subject I teach or which country I teach in, I think that my teaching style is a reflection of the wonderful way in which I was taught at ACH. The philanthropic attitude of ACH changed me for the better in high school and now I feel as though I must pass these values on to my students!

My brother, Steve (1998) is doing well. He is still working as an engineer at Enwin. He will be getting married in July 2008! My family is planning on traveling to Windsor for the wedding. If school is still open when I arrive in June, I will be sure to drop by to say hello!

**WHELAN, Paul, '69**

A senior diplomat in charge of immigration at Canada's embassy in Moscow, Whelan died in Toronto East General Hospital Tuesday, Dec. 4<sup>th</sup>, 2007 after a long battle with pulmonary fibrosis. He was 56.

His career spanned more than 30 years and eight foreign postings. While a serious thinker on policy and politics, he had an infectious sense of humour. "He loved to travel and he loved world politics," said his wife Mary Katherine. They had three sons: Michael, Brendan and Gregory. He was an expert analyst on U.S. and global politics, and he could tell you in detail what impact America's actions would have on other regions throughout the world. "Most importantly, he had a moral compass. It never wavered." Whelan was born in Santa Monica, California. The family moved to Windsor, where he attended Assumption College School. One of his collaborators, Will Novosedlik credits Whelan for inspiring him to 'think big.' "He also instilled in me a love of Canada. Growing up in a border city, overshadowed by America, he never let us forget that we were part of something different, something better, something worth preserving". Whelan's penchant for travel took hold early. He had postings in Tel Aviv, Vienna, Rome, Buffalo, Guatemala City, Bogota and Moscow. He was fluent in six languages. "He went out without fear," Mary Katherine said. "He faced death with courage, equanimity, almost joy. He was an inspiration."

**COUGHLIN, Thomas "T.C.", '51**

He was a devoted fan of his sons' athletics and the Bantam Minor Riverside hockey team for many years. The players and their families will miss his presence at the arena. His friends at the Knights of Columbus South Windsor Council #4386 will also miss him. "T.C." was truly the father of an Assumption family and will be sadly missed. Rest in peace.

**FATHER BENEDICT BEGIN, '51**

(Bill) Begin, O. F. M., '51 passed away in St. Michael's Mission, AZ on Thursday, September 27, 2007. Fr. Ben was born on June 5, 1933 in Detroit, Michigan, the son of Wilfred Oliver Begin and Genevieve Banhagel.

Bill, as he was known on campus, started as a "Boarder" at Assumption in the eighth grade. In high school, he played varsity football and basketball. He was also a member of the Blessed Virgin Mary Sodality, president of the St. John Bosco Society (altar servers), and vice-president of his class. Bill graduated from Assumption in 1951, and spent the following year in the novitiate at St. Francis Seminary in Cincinnati, Ohio.

Father Ben received the Franciscan habit on August 15, 1952, at the St. Anthony Shrine in Cincinnati. Father made his first profession of vows on August 16, 1953, in Cincinnati. He then returned to the Detroit area for four years of liberal arts study at Duns Scotus in Southfield. From there he went to St. Leonard College in Dayton, Ohio for the study of theology. He was ordained to the priesthood there on June 13, 1961. His first public mass was at St. John Vianney's in Highland Park, Michigan.

Fr. Ben's ministry began in Ft. Wayne, Indiana as instructor at the Bishop Luers High School for eight years. From 1970-72 he was Superior of the Franciscan Friary in Cincinnati. Beginning in 1972 he served in the Southwestern United States at parishes and missions in New Mexico. From 1982-86, he was a missionary in Mexico. After a sabbatical, he worked with Mexican immigrants in New Mexico. His final assignment was as pastor in Roswell, New Mexico.

Father Ben is survived by his sister, Rochelle (John) Daneluk of Howell Michigan and their children and grandchildren. Memorials may be made to Southwest Franciscan Missions, PO Box 12315, Albuquerque, New Mexico 87195.

**CLASS OF 1951 MEMORIAL MASS**

A returned Christmas card with a note- that's what led to a Class of 1951 Memorial Mass for Fr. Ben (Bill) Begin OFM. The note from Roswell, New Mexico said that Fr. Bill died on September 26 following an auto accident in June. As the word spread among Bill's classmates, there was a sense of shock- at death's suddenness, and loss- with the passing of a dear friend. Boys who had come together at Assumption as freshmen in 1947, each because of his own circumstances, are now old men looking back with vivid memories of their times together.

After graduation in 1951, we moved on to new things. Bill chose to try life as a Franciscan. He started two months after leaving Assumption and spent the rest of his life with the friars. Ordained in 1961, his ministry took him to Indiana, Ohio, New Mexico, and over the border into Mexico. In New Mexico, he began working with Mexican immigrants, learned their language, and became their priest and pastor.

Most classmates lost contact with Bill, until 2001 when he returned for our 50 year class reunion. All were older, heavier, with less hair and a slower gait, but our memories took us back to our youth, and our days together at Assumption where many of us were "boarders". Friendships picked up where they had left off a half century ago. Bill remarked that he received more religious formation at Assumption than he did in his years in the seminary... a wonderful tribute to the Basilians.

The re-bonding of the reunion brought the need for a Memorial Mass into focus.

**GOLD MEDALISTS - DEBATING TEAM  
TOMMY PROVOST, JORDANO TONIAL,  
MATT DMYTROW, & BEN NIKOTA**

### Team 2007

On November 9th and 10th, the Assumption Debate Team competed in The Second Annual Richard Pettie Debate Competition at the University of Windsor. Nineteen teams from schools around the Essex County region sent their finest competitors to take on many of Assumption's best. Our team replied with an absolutely DOMINATING performance. Our senior team of Tommy Provost, Ben Nikota, Jordano Tonial and Matt Dmytrow took home the gold medal! They will be advancing to another round of debates against some of the top schools from the United States in an upcoming televised event.

The junior teams were equally impressive with a first, second and third place sweep!! Our team of Tarini Chandak, Aleksandra Cendecki, Nancy Diaz and Serxho Selmani won the gold medal in the junior division! Second place honours went to the team comprised of Alex Tingle, Ryan Chan, Amani Abdul and Aliya Samsair. A big congratulations also goes out to the third place finishers, Alex Tesolin and Dominic Pizzolitto, who took home the award for best team research. Individual honours were won by Tarini Chandak for best rebuttal, and Dominic Pizzolitto for best research presentation.

The teams worked very hard for about a month prior to the competition, often practicing 3-4 nights a week, and their efforts certainly paid off. All four teams will be in another competition on February 29, 2008. We wish them well.

## Junior Boys' Basketball WECSAA CHAMPS

The Junior Boys' Basketball team finished the season in first place with a 10 win - 1 loss record. With veterans R.J. Garant, Jake McAuley, Yeochong Ng and Mike Sumner leading the way, the Junior Raiders have shown great poise and outstanding defense. Rookie starter Dallas Boow has also been a crucial component to this mighty Raider machine. The Raiders have also shown that they have the best bench in the league. Russel Bogleitch, Vil Labrado, DeAnthony Coates, Rev Nafaa, Hafis Ligali and Ahmed Badwilan have all made major contributions.

The Junior Raiders participated in the Brennan Cardinals' Junior Boys' tournament in which they captured the bronze medal with a score of 39-36 over Ursuline College (Chatham).

Entering the quarter-finals, they defeated Cardinal Carter 49 to 45 in a nail biter. In the semi-final game, they defeated Lajeunesse in a more comfortable fashion with a score of 60 to 48.

The championship game was hard fought against our west end rival, the Forester Spartans. Great team defence was the key to victory with a 48 to 38 win. Coach Chevalier's guidance was masterfull both on and off the court.

The Alumni wish our Raiders great success as they now move on to the SWOSSA competition.
